QUARTERLY REVIEW

INDEX - Volume 78, 1993

SUBJECTS

Abdominal aorta
Mixoid chondrosarcoma of the abdominal aorta 59

Abdominal surgery
Colostomy isolation during abdominal surgery 146

Abscess drainage
Diagnostic and therapeutic strategies of pyogenic liver abscess 40

Above-knee
Is the preferential use of polytetrafluoroethylene grafts for belw-knee femoropopliteal bypass justified? . 162

Adrenal cysts
Adrenal cysts: diagnosis and therapeutic approach 239

Africa
Living-related transplantation in Africa 121

Anesthesia
A comparison of pulmonary functions and oxygenation following local, spinal or general anesthesia in patients undergoing inguinal hernia repair 257

Aneurysm, thoracic, recurrent
Traffic accident induced thoracic outlet syndrome: decompression without rib resection, correction of associated recurrent thoracic aneurysm 25

Angioplasty, percutaneous transluminal
Combined iliac transluminal angioplasty and femoropopliteal reconstruction for multilevel arterial occlusive disease 332

Antiseptics
Neutrophil dynamics in abdominal cavity of peritonitic rats treated with antiseptics 354

Anti-Xa activity
Prevention of postoperative deep vein thrombosis in cancer patients. A randomized trial with low molecular weight heparin (CY 216) 166

Aorta, abdominal
Mixoid chondrosarcoma of the abdominal aorta 59

Aortic aneurysms
Mixoid chondrosarcoma of the abdominal aorta 59

Appendectomy
Laparoscopic appendectomy: a study of 154 consecutive cases 280

Appendicitis
Laparoscopic appendectomy: a study of 154 consecutive cases 280

Arterial occlusion
Intra-arterial streptokinase as adjuvant therapy for complicated Bürger's disease: early trials 54

Arterial occlusive disease
Combined iliac transluminal angioplasty and femoropopliteal reconstruction for multilevel arterial occlusive disease 332

Arteriovenous fistula
Snuff-box arteriovenous fistulas 250

ASA classification
Predictive value of ASA classification for the assessment of the perioperative risk 266

Atresia of the esophagus
Esophageal atresia, tragedies and triumphs over the decades in a developing country 311

Below-knee
Is the preferential use of polytetrafluoroethylene grafts for below-knee femoropopliteal bypass justified? . 162

Biliary drainage
Caroli's disease: study of six cases, including one with epithelial dysplasia 46
Diagnostic and therapeutic strategies of pyogenic liver abscess 40

Biliary surgery
Definitive surgical treatment for cholelithiasis in selective patients with liver cirrhosis 127

Bioprosthesis
Spontaneous and time-related degeneration of Carpentier-Edwards bioprosthesis in mitral position 148

Björk-Shiley valve
A comparative study in patients with Omnicarbon and Björk-Shiley heart valve replacement 338

Bladder neoplasms
Cost analysis of Neodymium-YAG laser versus transurethral resection treatment of superficial bladder carcinoma 350

Blood vessel, invasion
Predictive value of c-erbB-2 and DNA ploidy patterns in gastric carcinoma recurrence 107

Blunt chest trauma
Predictors of pulmonary complications in blunt chest trauma 320

Breast neoplasms
The diagnosis of internal mammary node metastases of breast cancer .. 171
The role of tamoxifen in the prevention and treatment of benign and malignant breast lesions: a chemopreventive 176

Bronchogenic carcinoma
Results of surgical resection of stage IIIa (N2) non small cell lung cancer, according to the site of mediastinal metastases 213

Bürger's disease
Intra-arterial streptokinase as adjuvant therapy for complicated Bürger's disease: early trials 54

Caesarian section
History of surgery of the abdominal cavity: Arabic contributions 236

Calcification
Spontaneous and time-related degeneration of Carpentier-Edwards bioprosthesis in mitral position 148

Candida parapsilosis
Candida prosthetic valve endocarditis: an autopsy review 252

Cancer
Prevention of postoperative deep vein thrombosis in cancer patients. A randomized trial with low molecular weight heparin (CY 216) 166
Prosthetic reconstruction of the chest wall 221

Cancer of the lung
A light and electron microscopic study of lung cancers: clinical implications 124

Cancer of the thyroid
Hyperthyroidism and concurrent thyroid cancer 343

Carcinogenesis
Origin and spread of intraepithelial carcinoma of the esophagus. Histopathologic investigation of the junctions between intraepithelial carcinoma and non-cancerous epithelium . 185

Carcinoma, hepatocellular
Changing trends in hepatic resection for malignant liver tumors 292
Surgical management of large hepatocellular carcinomas: criteria for curative hepatectomy 284

Carcinoma, cervical
A comparison of laser and cold knife conization 131
Is cervical cancer in Ethiopian women the result of a sexually transmitted disease? 134

Carcinoma, esophageal
Curative local excision for mucosal esophageal carcinoma 141
Origin and spread of intra-epithelial carcinoma of the esophagus. Histopathologic investigation of the junctions between intraepithelial carcinoma and non-cancerous epithelium . 185

Carcinoma, gastric
Epidermal growth factor in gastric carcinoma as a risk factor of postoperative recurrence 196
Predictive value of c-erbB-2 and DNA ploidy patterns in gastric carcinoma recurrence 107
Surgical approaches in primary gastric lymphoma and carcinoma 103

Carcinoma, pancreas
The mode of lymphatic and local spread of pancreatic carcinomas less than 4.0 cm in size 208

Carcinoma, parotid gland
Indication for neck dissection in carcinoma of the parotid gland: our experience on 39 cases 347

Carcinoma, superficial bladder
Cost analysis of Neodymium-YAG laser versus transurethral resection treatment of superficial bladder carcinoma 350

Carcinoma, thyroid
A rapid immunoperoxidase method for pathological diagnosis of occult thyroid carcinoma 225
Clinico-pathologic study of pulmonary metastasis of differentiated thyroid carcinoma: age-, sex-, and histology-matched case control study 218

Caroli's disease
Caroli's disease: study of six cases, including one with epithelial dysplasia 46

Carpentier-Edwards bioprosthesis
Spontaneous and time-related degeneration of Carpentier-Edwards bioprosthesis in mitral position 148

Cervical carcinoma
A comparison of laser and cold knife conization 131
Is cervical cancer in Ethiopian women the result of a sexually transmitted disease? 134

Cervix neoplasms
A comparison of laser and cold knife conization 131
Is cervical cancer in Ethiopian women the result of a sexually trasmitted disease? 134

Chagas' disease
Postoperative complications in the treatment of Chagasic megaesophagus . 99

Chest-wall
Prosthetic reconstruction of the chest wall 221

Children, prepubertal
Melanoma in prepubertal children 247

Child's grading
Definitive surgical treatment for cholelithiasis in selective patients with liver cirrhosis 127

Chlorhexidine
Neutrophil dynamics in abdominal cavity of peritonitic rats treated with antiseptics 354

Cholecystectomy
Laparoscopic cholecystectomy: experience in 500 consecutive cases .. 277
The "learning curve" in the performance of laparoscopic cholecystectomy 1

Choledochal cyst
Hazard and outcome of retreated choledochal cyst patients 204

Cholelithiasis
Definitive surgical treatment for cholelithiasis in selective patients with liver cirrhosis 127

Cholestasis
Surgical intervention for regional complications of chronic pancreatitis .. 315

Chondrosarcoma
Mixoid chondrosarcoma of the abdominal aorta 59

Cirrhosis
Definitive surgical treatment for cholelithiasis in selective patients with liver cirrhosis 127

Colonic obstruction
Surgical intervention for regional complications of chronic pancreatitis .. 315

Colorectal liver metastases
The impact of patient's age on surgical therapy of colorectal liver metastases 288

Colorectal neoplasms
Analysis of hepatic recurrence of colorectal cancer after resection of hepatic metastases 16
Colorectal carcinoma in patients aged 75 years and more: factors influencing short and long term operative mortality 200

Colostomy
Colostomy isolation during abdominal surgery 146

Conization
A comparison of laser and cold knife conization 131

Crohn's disease
Iatrogenic ocular complications in patients after jejunoileal bypass surgery 68

Cysts, adrenal
Adrenal cysts: diagnosis and therapeutic approach 239

Cyst, choledochal
Hazard and outcome of retreated choledochal cyst patients 204

Deep venous thrombosis
Enoxaparin in the prevention of deep venous thrombosis after majort surgery: multicentric study 271
Prevention of postoperative deep vein thrombosis in cancer patients. A randomized trial with low molecular weight heparin (CY 216) 166

Diagnosis related groups
Cost analysis of Neodymium-YAG laser versus transurethral resection treatment of superficial bladder carcinoma 350

Differentiated thyroid carcinoma
Multivariate study of prognostic factors for differentiated thyroid carcinoma: the significance of histologic subtype 10

DNA
Analysis of hepatic recurrence of colorectal cancer after resection of hepatic metastases 16
Predictive value of c-erbB-2 and DNA ploidy patterns in gastric carcinoma recurrence 107

Dogs
The value of histological study by surface analysis of preserved and injected pancreatic grafts: a prospective controlled study in dogs 36

Doppler
A comparative study in patients with Omnicarbon and Björk-Shiley heart valve replacement 338

Drainage
Caroli's disease: study of six cases, including one with epithelial dysplasia 46
Diagnostic and therapeutic strategies of pyogenic liver abscess 40
Pancreatogastrostomy following pancreatoduodenectomy: a safe drainage procedure 352
The electrified drain: a new device for sterilizing the field of drainage 357

Dry eye syndrome
Iatrogenic ocular complications in patients after jejunoileal bypass surgery 68

Duodenal obstruction
Surgical intervention for regional complications of chronic pancreatitis .. 315

Dysplasia, epithelial
Caroli's disease: study of six cases, including one with epithelial dysplasia 46
Origin and spread of intraepithelial carcinoma of the esophagus. Histopathologic investigation of the junctions between intraepithelial carcinoma and non-cancerous epithelium . 185

Echocardiography
A comparative study in patients with Omnicarbon and Björk-Shiley heart valve replacement 338

EEA stapler
Circumferential suture technique for esophageal transection to treat esophageal variceal bleeding 193

Electricity
The electrified drain: a new device for sterilizing the field of drainage 357

Embolization
Percutaneously placed inferior vena cava filter for the prevention of pulmonary emboli: a plea for early insertion . 328

Endocarditis
Candida prosthetic valve endocarditis: an autopsy review 252

Endoscopy
Curative local excision for mucosal esophageal carcinoma 141
Laparoscopic cholecystectomy: experience in 500 consecutive cases .. 277

Enoxaparin
Enoxaparin in the prevention of deep venous thrombosis after major surgery: multicentric study 271

Epidermal growth factor
Epidermal growth factor in gastric carcinoma as a risk factor of postoperative recurrence 196

Epithelial dysplasia
Caroli's disease: study of six cases, including one with epithelial dysplasia 46

Esophageal atresia
Esophageal atresia: tragedies and triumphs over the decades in a developing country 311

Esophageal neoplasms
Origin and spread of intra-epithelial carcinoma of the esophagus. Histopathologic investigation of the junctions between intraepithelial carcinoma and non-cancerous epithelium 18
Risk factors associated with postoperative mortality in patients with esophageal cancer 93

Esophageal perforation
A rationale surgical approach for intrathoracic esophageal perforation 307

Esophageal perforation, iatrogenic
Iatrogenic perforations of the esophagus 29

Esophageal replacement
Esophageal replacement in adult Nigerians with corrosive esophageal strictures 189

Esophageal strictures
Esophageal replacement in adult Nigerians with corrosive esophageal strictures 189

Esophageal transection
Circumferential suture technique for esophageal transection to treat esophageal variceal bleeding 193

Esophageal variceal bleeding
Circumferential suture technique for esophageal transection to treat esophageal variceal bleeding 193

Esophagitis
Modified Nissen fundoplication in the treatment of gastroesophageal reflux disease 112

Esophagus
A rationale surgical approach for intrathoracic esophageal perforation 307
Circumferential suture technique for esophageal transection to treat esophageal variceal bleeding 193
Clinical, radiological and functional results of remedial antireflux operations 298
Curative local excision for mucosal esophageal carcinoma 141
Esophageal atresia: tragedies and triumphs over the decades in a developing country 311
Esophageal replacement in adult Nigerians with corrosive esophageal strictures..... 189
Esophago-rectal reflex. Description and clinical significance 83
Origin an spread of intra-epithelial carcinoma of the esophagus. Histopathologic investigation of the junctions between intraepithelial carcinoma and non-cancerous epithelium 185
Risk factors associated with postoperative mortality in patients with esophageal cancer 93

Ethiopian women
Is cervical cancer in Ethiopian women the result of a sexually transmitted disease? 134

Excision, local
Curative local excision for mucosal esophageal carcinoma 141

Fecal incontinence
Polytetrafluoroethylene injection for treatment of partial fecal in the continence 159

Feeding tubes
An improved metho for transpyloric placement of nasoenteric feeding tubes 79

Femoro-arterial bypass
Femoro-arterial bypass using Gott shunt in liver transplantation following severe hepatic trauma 295

Femoro-popliteal bypass
Combined iliac transluminal angioplasty and femoropopliteal reconstruction for multilevel arterial occlusive disease 332
Is the preferential use of polytetrafluoroethylene grafts for belw-knee femoropopliteal bypass justified? . 162

Fistula, pancreatic
Pancreatogastrostomy following pancreatoduodenectomy: a safe drainage procedure 352

Gallbladder disease
Laparoscopic cholecystectomy: experience in 500 consecutive cases .. 277

Gangrene
Intra-arterial streptokinase as adjuvant therapy for complicated Bürger's disease: early trials 54

Gastric carcinoma
Epidermal growth factor in gastric carcinoma as a risk factor of postoperative recurrence 196
Predictive value of c-erbB-2 and DNA ploidy patterns in gastric carcinoma recurrence 107
Surgical approaches in primary gastric lymphoma and carcinoma 103

Gastroesophageal malposition
Modified Nissen fundoplication in the treatment of gastroesophageal reflux disease 112

Gastroesophageal reflux
Clinical, radiological and functional results of remedial antireflux operations 298

Gastrointestinal cancer
Immunoprophylaxis in «septic risk" patients undergoing surgery for gastrointestinal cancer. Results of a randomized, multicenter clinical trial . 63

Genes, c-erbB-2
Predictive value of c-erbB-2 and DNA ploidy patterns in gastric carcinoma recurrence 107

Gott shunt
Femoro-arterial bypass using Gott shunt in liver transplantation following severe hepatic trauma 295

Graft occlusions
Thrombolytic therapy before reconstructive vascular procedures for acute or subacute graft occlusions 50

Growth factors, epidermal
Epidermal growth factors in gastric carcinoma as a risk of postoperative recurrence 196

Heart injuries
Penetrating heart wounds 229

Hemodialysis
Snuff-box arteriovenous fistulas 250

Hemodilution
Isovolemic hemodilution and pancreatic islet blood flow in the rat 254

Hemodynamics
Hemodynamic advantages of temperature sensing rate adaptive pacemaker 262

Heparin, low molecular weight
Prevention of postoperative deep vein thrombosis in cancer patients. A randomized trial with low molecular weight heparin (CY 216) 166

Hepatectomy
Changing trends in hepatic resection for malignant liver tumors 292
Surgical management of large hepatocellular carcinomas: criteria for curative hepatectomy 284
The impact of patient's age on surgical therapy of colorectal liver metastases 288

Hepatic recurrence
Analysis of hepatic recurrence of colorectal cancer after resection of hepatic metastases 16

Hepatic resection
Analysis of hepatic recurrence of colorectal cancer after resection of hepatic metastases 16

Hepatocellular carcinoma
Surgical management of large hepatocellular carcinomas: criteria for curative hepatectomy 284

Hernia
Ligation of hernial sac. A needless step in adult hernioplasty 152

Hernia, hiatal
Modified Nissen fundoplication in the treatment of gastroesophageal reflux disease 112

Hernia, inguinal
A comparison of pulmonary functions and oxygenation following local, spinal or general anesthesia in patients undergoing inguinal hernia repair . 257

Hernial sac
Ligation of hernial sac. A needless step in adult hernioplasty 152

Hernioplasty
A comparison of pulmonary functions and oxygenation following local, spinal or general anesthesia in patients undergoing inguinal hernia repair . 257

Heterotopic pancreas
Diagnosis and management of heterotopic pancreas 32

Hiatal hernia
Modified Nissen fundoplication in the treatment of gastroesophageal reflux disease 112

Histology
Clinico-pathologic study of pulmonary metastasis of differentiated thyroid carcinoma: age-, sex-, and histology-matched case control study 218
Multivariate study of prognostic factors for differentiated thyroid carcinoma: the significance of histologic subtype 10
Origin and spread of intraepithelial carcinoma of the esophagus. Histopathologic investigation of the junctions between intraepithelial carcinoma and non-cancerous epithelium 185
The value of histological study by surface analysis of preserved and injected pancreatic grafts: a prospective controlled study in dogs 36

Hormone therapy
Bilateral orchiectomy in the management of stage D-2 prostate cancer 73

Host defense mechanism
Risk factors associated with postoperative mortality in patients with esophageal cancer 93

Hypercholesterolemia
Iatrogenic ocular complications in patients after jejunoileal bypass surgery 68

Hyperthyroidism
Hyperthyroidism and concurrent thyroid cancer 343

Iatrogenic injuries
Iatrogenic ocular complications in patients after jejunoileal bypass surgery 68
Iatrogenic perforations of the esophagus 29

Iliac PTA
Combined iliac transluminal angioplasty and femoropopliteal reconstruction for multilevel arterial occlusive disease 332

Immunoglobulins
Immunoprophylaxis in "septic risk" patients undergoing surgery for gastrointestinal cancer. Results of a randomized, multicenter clinical trial 63

Immunoperoxidase method
A rapid immunoperoxidase method for pathological diagnosis of occult thyroid carcinoma 225

Immunoprophylaxis
Immunoprophylaxis in "septic risk" patients undergoing surgery for gastrointestinal cancer. Results of a randomized, multicenter clinical trial . 63

India
Experience in 4500 cases of laparoscopic sterilization 76

Infections
Immunoprophylaxis in "septic risk" patients undergoing surgery for gastrointestinal cancer. Results of a randomized, multicenter clinical trial . 63

Inferior vena cava
Percutaneously placed inferior vena cava filter for the prevention of pulmonary emboli: a plea for early insertion . 328

Injuries
The electrified drain: a new device for sterilizing the field of drainage 357

Internal mammary metastases
The diagnosis of internal mammary node metastases of breast cancer .. 171

Intestinal motility
Esophago-rectal reflex. Description and clinical significance 83

Intestinal obstruction
Surgical intervention for regional complications of chronic pancreatitis .. 315

Islam
History of surgery of the abdominal cavity: Arabic contributions 236

Islet blood flow
Isovolemic hemodilution and pancreatic islet blood flow in the rat 254

Jejunoileal bypass surgery
Iatrogenic ocular complications in patients after jejunoileal bypass surgery..... 68

Keratoconjunctivitis
Iatrogenic ocular complications in patients after jejunoileal bypass surgery..... 68

Laparoscopic cholecystectomy
The "learning curve" in the performance of laparoscopic cholecystectomy 1

Laparoscopic sterilization
Experience in 4500 cases of laparoscopic sterilization 76

Laparoscopy
Laparoscopic appendectomy: a study of 154 consecutive cases 280
Laparoscopic cholecystectomy: experience in 500 consecutive cases .. 277

Laparotomy
History of surgery of the abdominal cavity: Arabic contributions 236

Laser
A comparison of laser and cold knife conization 131

Laser, Nd-YAG
Cost analysis of Neodymium-YAG laser versus transurethral resection treatment of superficial bladder carcinoma 350

Learning curve
The "learning curve" in the performance of laparoscopic cholecystectomy 1

Leukocyte adhesiveness/aggregation
Increased leukocyte adhesiveness/aggregation and tissue leukostasis following surgical trauma 20

Leukostasis
Increased leukocyte adhesiveness/aggregation and tissue leukostasis following surgical trauma 20

Liver abscess, pyogenic
Diagnostic and therapeutic strategies of pyogenic liver abscess 40

Liver cancer
Surgical management of large hepatocellular carcinomas: criteria for curative hepatectomy 284

Liver cirrhosis
Definitive surgical treatment for cholelithiasis in selective patients with liver cirrhosis 127

Liver injuries
Femoro-arterial bypass using Gott shunt in liver transplantation following severe hepatic trauma 295

Liver metastases
Analysis of hepatic recurrence of colorectal cancer after resection of hepatic metastases 16
Predictive value of c-erbB-2 and DNA ploidy patterns in gastric carcinoma recurrence 107

Liver resection
Caroli's disease: study of six cases, including one with epithelial dysplasia 46
Changing trends in hepatic resection for malignant liver tumors 292
The impact of patient's age on surgical therapy of colorectal liver metastases 288

Liver transplantation
Auxiliary liver transplantation in the pig without portal blood: a study of a new technique for application to the heterotopic hepatic xenotransplant 117
Femoro-arterial bypass using Gott shunt in liver transplantation following severe hepatic trauma 295
Living-related transplantation in Africa 121

Lugol's staining
Curative local excision for mucosal esophageal carcinoma 141

Lung cancers
A light and electron microscopic study of lung cancers: clinical implications 124
Results of surgical resection of stage IIIa (N2) non small cell lung cancer, according to the site of mediastinal metastases 213
Videoendoscopic thoracic surgery..... 4

Lymphangioma, retroperitoneal
Retroperitoneal cystic lymphangioma in adults 243
Lymph node
Results of surgical resection of stage IIIa (N2) non small cell lung cancer, according to the site of mediastinal metastases 213
The diagnosis of internal mammary node metastases of breast cancer .. 171
The mode of lymphatic and local spread of pancreatic carcinomas less than 4.0 cm in size 208
Lymphoma, primary gastric
Surgical approaches in primary gastric lymphoma and carcinoma 103
Megaesophagus
Postoperative complications in the treatment of Chagasic megaesophagus . 99
Melanoma
Melanoma in prepubertal children..... 247
Metastasis, colorectal liver
The impact of patient's age on surgical therapy of colorectal liver metastases 288
Metastasis, internal mammary
The diagnosis of internal mammary node metastases of breast cancer .. 171
Metastasis, mediastinal
Results of surgical resection of stage IIIa (N2) non small cell lung cancer, according to the site of mediastinal metastases 213
Metastasis, pulmonary
Clinico-pathologic study of pulmonary metastasis of differentiated thyroid carcinoma: age-, sex-, and histology-matched case control study 218
Micro-organisms
The electrified drain: a new device for sterilizing the field of drainage 357
Microscopy
A light and electron microscopic study of lung cancers: clinical implications 124
Mitral valve
A comparative study in patients with Omnicarbon and Björk-Shiley heart valve replacement 338
Spontaneous and time-related degeneration of Carpentier-Edwards bioprosthesis in mitral position 148
Morbidity
Hazard and outcome of retreated choledochal cyst patients 204
The impact of patient's age on surgical therapy of colorectal liver metastases 288
Mortality, postoperative
Colorectal carcinoma in patients aged 75 years and more: factors influencing short and long term operative mortality 200
Risk factors associated with postoperative mortality in patients with esophageal cancer 93
The impact of patient's age on surgical therapy of colorectal liver metastases 288
Mutiple organ failure
Diagnostic and therapeutic strategies of pyogenic liver abscess 40
Myocardial abscesses, multiple
Candida prosthetic valve endocarditis: an autopsy review 252
Neck dissection
Indication for neck dissection in carcinoma of the parotid gland: our experience on 39 cases 347
Needle grip by needle holder
Suturing techniques for a restricted operating space 86
Needle handling
Suturing techniques for a restricted operating space 86
Needless step
Ligation of hernial sac. A needless step in adult hernioplasty 152
Neodymium-YAG laser
Cost analysis of Neodymium-YAG laser versus transurethral resection treatment of superficial bladder carcinoma 350
Neoplasms, breast
The diagnosis of internal mammary node metastases of breast cancer .. 171

Neoplasms, esophageal
Curative local excision for mucosal esophageal carcinoma 141
Neutrophil dynamics
Neutrophil dynamics in abdominal cavity of peritonitic rats treated with antiseptics 354
Nigeria
Esophageal replacement in adult Nigerians with corrosive esophageal strictures 189
Nissen fundoplication
Modified Nissen fundoplication in the treatment of gastroesophageal reflux disease 112
Obesity
Iatrogenic ocular complications in patients after jejunoileal bypass surgery 68
Ocular adaptation
Iatrogenic ocular complications in patients after jejunoileal bypass surgery 68
Omnicarbon valve
A comparative study in patients with Omnicarbon and Björk-Shiley heart valve replacement 338
Operating space, restricted
Suturing techniques for a restricted operating space 86
Operative risks
Risk factors associated with postoperative mortality in patients with esophageal cancer 93
Orchiectomy, bilateral
Bilateral orchiectomy in the management of stage D-2 prostate cancer 73
Oxygenation
A comparison of pulmonary functions and oxygenation following local, spinal or general anesthesia in patients undergoing inguinal hernia repair . 257
Pacemarker, artificial
Hemodynamic advantages of temperature sensing rate adaptive pacemaker 262
Palliative surgery
Changing trends in hepatic resection for malignant liver tumors 292
Parotid neoplasms
Indication for neck dissection in carcinoma of the parotid gland: our experience on 39 cases 347
Pancreas, carcinoma

Pancreatic blodd flow
Isovolemic hemodilution and pancreatic islet blood flow in the rat 254
Pancreatic fistula
Pancreatogastrostomy following pancreatoduodenectomy: a safe drainage procedure 352
Pancreatic islets
Isovolemic hemodilution and pancreatic islet blood flow in the rat..... 254
Pancreatitis, chronic
Surgical intervention for regional complications of chronic pancreatitis .. 315
Pancreatoduodenectomy
Pancreatogastrostomy following pancreatoduodenectomy: a safe drainage procedure 352
Pancreatogastrostomy
Pancreatogastrostomy following pancreatoduodenectomy: a safe drainage procedure 352
Percutaneous transhepatic drainage
Diagnostic and therapeutic strategies of pyogenic liver abscess 40
Percutaneous transluminal angioplasty
Combined iliac transluminal angioplasty and femoropopliteal reconstruction for mutilevel arterial occlusive disease 332
Perforation of the esophagus
A rationale surgical approach for intrathoracic esophageal perforation 307
Iatrogenic perforations of the esophagus 29
Periaortic lymph node
The mode of lymphatic and local spread of pancreatic carcinomas less than 4.0 cm in size 208
Perioperative risk
Predictive value of ASA classification for the assessment of the perioperative risk 266
Peripheral vascular disease
Percutaneously placed inferior vena cava filter for the prevention of pulmonary emboli: a plea for early insertion . 328
Peritoneoscopy
Laparoscopic appendectomy: a study of 154 consecutive cases 280

Peritonitis, experimental
Neutrophil dynamics in abdominal cavity of peritonitic rats treated with antiseptic 354
Phlebitis
Percutaneously placed inferior vena cava filter for the prevention of pulmonary emboli: a plea for early insertion . 328
Phonocardiography
A comparative study in patients with Omnicarbon and Björk-Shiley heart valve replacement 338
Pig
Auxiliary liver transplantation in the pig without portal blood: a study of a new technique for application to the heterotopic hepatic xenotransplant 117
Pleural effusion, malignant
Thoracoscopic management of malignant pleural effusion 324
Pneumothorax
Videoendoscopic thoracic surgery 4
Polytef
Polytetrafluoroethylene injection for the treatment of partial fecal incontinence 159
Polytetrafluoroethylene
Is the preferential use of polytetrafluoroethylene grafts for below-knee femoropopliteal bypass justified? 162
Polytetrafluoroethylene injection for the treatment of partial fecal incontinence 159
Postoperative complications
Postoperative complications in the treatment of Chagasic megaesophagus . 99
Povidone iodine
Neutrophil dynamics in abdominal cavity of peritonitic rats treated with antiseptics 354
Pregnancy
A review of 126 cases of ruptured gravid uterus 231
Prepubertal children
Melanoma in prepubertal children..... 247
Preservation of transplants
The value of histological study by surface analysis of preserved and injected pancreatic grafts: a prospective controlled study in dogs 36
Prophylaxis
Enoxaparin in the prevention of deep venous thrombosis after major surgery: multicentric study 271
Immunoprophylaxis in "septik risk" patients undergoing surgery for gastrointestinal cancer. Results of a randomized, multicenter clinical trial . 63
Prevention of postoperative deep vein thrombosis in cancer patients. A randomized trial with low molecular weight heparin (CY 216) 166
Prostatic neoplasms, D-2
Bilateral orchiectomy in the management of stage D-2 prostate cancer 73
Prosthesis
Prosthetic reconstruction of the chest wall 221
Prosthetic valve endocarditis
Candida prosthetic valve endocarditis: an autopsy review 252
PTA
Combined iliac transluminal angioplasty and femoropopliteal reconstruction for multilevel arterial occlusive disease.. 332
Pulmonary emboli
Percutaneously placed inferior vena cava filter for the prevention of pulmonary emboly: a plea for early insertion . 328
Pulmonary functions
A comparison of pulmonary functions and oxygenation following local, spinal or general anesthesia in patients undergoing inguinal hernia repair . 257
Pulmonary injuries
Predictors of pulmonary complications in blunt chest trauma 320
Pulmonary metastasis
Clinico-pathologic study of pulmonary metastasis of differentiated thyroid carcinoma: age-, sex-, and histology-matched case control study 218
Pulmonary wedge resection
Videoendoscopic thoracic surgery 4
Pyloric stenosis
A new incision for pyloromyotomy .. 143
Pyloromyotomy
A new incision for pyloromyotomy .. 143
Rat
Isovolemic hemodilution and pancreatic islet blood flow in the rat 254
Neutrophil dynamics in abdominal cavity of peritonitic rats treated with antiseptics 354
Reconstructive vascular procedures
Thrombolytic therapy before reconstructive vascular procedures for acute or subacute graft occlusions 50
Rectum
Esophago-rectal reflex. Description and clinical significance 83
Recurrence
Epidermal growth factor in gastric carcinoma as a risk factor of postoperative recurrence 196
Surgical management of large hepatocellular carcinomas: criteria for curative hepatectomy 284
Reflexes
Esophago-rectal reflex. Description and clinical significance 83
Reflux, gastroesophageal
Modified Nissen fundoplication in the treatment of gastroesophageal reflux disease 112
Remedial antireflux operation
Clinical, radiological and functional results of remedial antireflux operations 298
Reoperation
Hyperthyroidism and concurrent thyroid cancer 343
Resection of the liver
Caroli's disease: study of six cases, including one with epithelial dysplasia 46
Retroperitoneal invasion
The mode of lymphatic and local spread of pancreatic carcinomas less than 4.0 cm in size 208
Retroperitoneal lymphadenectomy
Retroperitoneal lymph node dissection for testicular tumours using the thoracoabdominal approach 154
Retroperitoneal lymphangioma
Retroperitoneal cystic lymphangioma in adults 243
Rib resection
Traffic accident induced thoracic outlet syndrome: decompression with-out rib resection, correction of associated recurrent thoracic aneurysm 25
Risk factors
Epidermal growth factor in gastric carcinoma as a risk factor of postoperative recurrence 196
Predictive value of ASA classification for the assessment of the perioperative risk 266
Risk factors associated with postoperative mortality in patients with esophageal cancer 93
Ruptured gravid uterus
A review of 126 cases of ruptured gravid uterus 231
Sarcoma
Mixoid chondrosarcoma of the abdominal aorta 59
Sepsis
Diagnostic and therapeutic strategies of pyogenic liver abscess 40
Immunoprophylaxis in "septic risk" patients undergoing surgery for gastrointestinal cancer. Results of a randomized, multicenter clinical trial . 63
Seminoma
Retroperitoneal lymph node dissection for testicular tumours using the thoracoabdominal approach 154
Sexually transmitted diseases
Is cervical cancer in Ethiopian women the result of a sexually transmitted disease? 134
Small cell lung cancer
Results of surgical resection of stage IIIa (N2) non small cell lung cancer, according to the site of mediastinal metastases 213
Small pancreatic cancer
The mode of lymphatic and local spread of pancreatic carcinomas less than 4.0 cm in size 208
Snuff-box fistula
Snuff-box arteriovenous fistulas 250
Social factors
Is cervical cancer in Ethiopian women the result of a sexually transmitted disease? 134
Sphincterotomy, internal
Polytetrafluoroethylene injection for treatment of partial fecal in the continence 159
Stenosis, pyloric
A new incision for pyloromyotomy .. 143
Sterilization
Experience in 4500 cases of laparoscopic sterilization 76
The electrified drain: a new device for sterilizing the field of drainage 357
Streptokinase
Intra-arterial streptokinase as adjuvant therapy for complicated Bürger's disease: early trials 54
Surgery, major
Enoxaparin in the prevention of deep venous thrombosis after major surgery: multicentric study 271

Surgery, minimal access
Laparoscopic cholecystectomy: experience in 500 consecutive cases .. 277
Surgical trauma
Increased leukocyte adhesiveness/aggregation and tissue leukostasis following surgical trauma 20
Survival
Results of surgical resection of stage IIIa (N2) non small cell lung cancer, according to the site of mediastinal metastases 213
Suture techniques
Circumferential suture technique for esophageal transection to treat esophageal variceal bleeding 193
Suturing techniques for a restricted operating space 86
Talc pleurodesis
Thoracoscopic management of malignant pleural effusion 324
Tamoxifen
The role of tamoxifen in the prevention and treatment of benign and malignant breast lesions: a chemopreventive .. 176
Technique of operation
Suturing techniques for a restricted operating space 86
Teflon
Polytetrafluoroethylene injection for the treatment of partial fecal incontinence 159
Temperature sense
Hemodynamic advantages of temperature sensing rate adaptive pacemaker 262
Testicular neoplasms
Retroperitoneal lymp node dissection for testicular tumours using the thoracoabdominal approach 154
Thoracic aneurysms, recurrent
Traffic accident induced thoracic outlet syndrome: decompression without rib resection, correction of associated recurrent thoracic aneurysm 25
Thoracic injuries
Penetrating heart wounds 229
Thoracic outlet syndrome
Traffic accident induced thoracic outlet syndrome: decompression without rib resection, correction of associated recurrent thoracic aneurysm 25
Thoracoscopy
Thoracoscopy management of malignant pleural effusion 324
Videoendoscopic thoracic surgery 4
Thoracotomy
Penetrating heart wounds 229
Thromboembolism, post-surgical
Enoxaparin in the prevention of deep venous thrombosis after major surgery: multicentric study 271
Thrombolysis
Intra-arterial streptokinase as adjuvant therapy for complicated Bürger's disease: early trials 54
Thrombolytic therapy before reconstructive vascular procedures for acute or subacute graft occlusions 50
Thrombosis
Enoxaparin in the prevention of deep venous thrombosis after major surgery: multicentric study 271
Intra-arterial streptokinase as adjuvant therapy for complicated Burger's disease: early trials 54
Percutaneously placed inferior vena cava filter for the prevention of pulmonary emboli: a plea for early insertion . 328
Prevention of postoperative deep vein thrombosis in cancer patients. A randomized trial with low molecular weight heparin (CY 216) 166
Thrombolytic therapy before reconstructive vascular procedures for acute or subacute graft occlusions 50
Thymoma
Videoendoscopic thoracic surgery 4
Thyroglobulin
A rapid immunoperoxidase method for pathological diagnosis of occult thyroid carcinoma 225
Thyroid carcinoma, differentiated
Clinico-pathologic study of pulmonary metastasis of differentiated thyroid carcinoma: age-, sex-, and histology-matched case control study 218
Multivariate study of prognostic factors for differentiated thyroid carcinoma: the significance of histologic subtype 10
Thyroid carcinoma, occult
A rapid immunoperoxidase method for pathological diagnosis of occult thyroid carcinoma 225
Thyroid neoplasms
Hyperthyroidism and concurrent thyroid cancer 343
Total vascular exclusion
Changing trends in hepatic resection for malignant liver tumors 292
Traffic accident
Traffic accident induced thoracic outlet syndrome: decompression without rib resection, correction of associated recurrent thoracic aneurysm 25
Transmitral flow
Spontaneous and time-related degeneration of Carpentier-Edwards bioprosthesis in mitral position 148
Transplants
Auxiliary liver transplantation in the pig without portal blood: a study of a new technique for application to the heterotopic hepatic xenotransplant 117
Femoro-arterial bypass using Gott shunt in liver transplantation following severe hepatic trauma 295
Living-related transplantation in Africa 121
The value of histological study by surface analysis of preserved and injected pancreatic grafts: a prospective controlled study in dogs..... 36
Transpyloric nasoenteric feeding tube
An improved method for transpyloric placement of nasoenteric feeding tubes 79
Transurethral resection
Cost analysis of Neodymium-YAG laser versus transurethral resection treatment of superficial bladder carcinoma 350
Trauma
Femoro-arterial bypass using Gott shunt in liver transplantation following severe hepatic trauma 295
Predictors of pulmonary complications in blunt chest trauma 320
Tumors of the liver
Changing trends in hepatic resection for malignant liver tumors 292
Undilatable corrosive strictures
Esophageal replacement in adult Nigerians with corrosive esophageal strictures 189
Urokinase
Thrombolytic therapy before reconstructive vascular procedures for acute or subacute graft occlusions 50
Uterus
A review of 126 cases of ruptured gravid uterus 231
Varices, esophageal
Circumferential suture technique for esophageal transection to treat esophageal variceal bleeding 193
Varices, gastric
Surgical intervention for regional complications of chronic pancreatitia .. 315
Vena cava, inferior
Percutaneously placed inferior vena cava filter for the prevention of pulmonary emboly: a plea for early insertion . 328
Venous thrombosis
Percutaneously placed inferior vena cava filter for the prevention of pulmonary emboly: a plea for early insertion . 328
Videoendoscopy
Videoendoscopy thoracic surgery 4
Wounds
The electrified drain: a new device for sterilizing the field drainage 357
Xerosis
Iatrogenic ocular complications in patients after jejunoileal bypass surgery 68
